

***“from Disaster...  
to Recovery”***

**STEPS TO RECONSTRUCTION AND RESTORATION**

## A DISASTER HAS BEEN CLEANED UP. NOW IT IS TIME TO REBUILD...

Whenever there is a damage to property, the initial reaction is to focus on addressing the disaster. Once the cleanup has occurred, most restoration companies consider the job done, time to move on.

At Reliable Restoration, we know how important it is begin reconstruction in order to get things back to normal.

A call to **Reliable Restoration** will have our expert professionals at your door to:

- **Quickly Assess the Need and Develop an Action Plan.**
- **Provide an Estimate for the Scope of Work.**
- **Immediately Begin the Reconstruction.**

With these simple steps we can have your property ***Reliably Restored.***

**RELIABLE RESTORATION-contact us at: [www.choosere reliable.com](http://www.choosere reliable.com) or (678) 325-1633**

### **Step 1: Call **Reliable Restoration** at (678) 325-1633.**

When you experience a loss of any kind; **fire, flood, water, mold** or **storm damage**, we have you **R**eliably covered. Unlike our competitors who cannot offer reconstruction services, we have our own staff of construction managers ready to begin work as soon as approval is received.

### **Step 2: Development of a Plan of Action for Reconstruction**

Upon arrival at your location the Reliable Restoration team of experts will assess the damage and address all clean up needs. After your immediate needs have been met, assuring that you are safe and comfortable with your property secured, we will begin development of a reconstruction plan if applicable.

#### **We will:**

- **Quickly and fully assess the needs of your reconstruction.**
- **Work with your insurance adjuster to formulate a reconstruction plan that meets all claim payment requirements.**
- **Call in our own Estimator to provide several options for the scope of work to be performed.**

**Available 24/7/ 365!**

24 Hours **a Day**

7 Days **a Week**

365 Days **a Year**

At Reliable Restoration, **YOU** are our first priority!

**RELIABLE RESTORATION-contact us at: [www.choosereliable.com](http://www.choosereliable.com) or (678) 325-1633**

### Step 3: Estimation of the Scope of Work

The Reliable Restoration estimators are **trained professionals** with years of experience; we will make sure your home or business is returned to its **pre-loss condition**. The estimators take measurements of all affected areas, itemizing and accounting in detail for all materials. We will prepare an estimate for presentation to your insurance adjuster. Reliable Restoration uses the **same terminology, software and price list** to assure the claim's process goes smoothly.

### Step 4: Restoration of the Damaged Property

Upon Scope of Work Approval, Reliable Restoration will **immediately** begin reconstruction work. Depending on the type and severity of loss, this work can take a few days to several months for completion. At all times, our managers and staff will be available to answer all questions you may have.

You will receive **regular updates** from our managers on your project. **At no time will you be left in the dark**, we are always here for you.

*Is FULLY INSURED*
