### **RELIABLE RESTORATION ANNOUNCES THE RETIREMENT OF PETER HAJJAR, CO-FOUNDER AND MANAGING MEMBER**

**Reliable Restoration wishes to acknowledge and thank Mr. Pete Hajjar in recognition of his retirement for seven years of dedicated and astonishing service.**

Norcross, GA (September 30, 2016) – Reliable Restoration, LLC today announced that Peter Hajjar, firm co-founder and a managing partner, will retire effective September 30, 2016.

Beginning on October 1, 2016 Wes Thornton, company co-founder and head of administrative operations, working in partnership with the Reliable Restoration Management Team, will assume Mr. Hajjar's responsibilities.

In announcing his decision to the company staff Mr. Hajjar reflected with great pride on the work both he and Mr. Thornton have accomplished in Reliable Restoration.

"I am so excited about what we have built here at Reliable and look forward to seeing the continued growth in the future," said Pete Hajjar.

Beginning as a small company in 2009, based out of their garages and working with a team of the most highly-skilled experts in disaster restoration, Reliable Restoration, LLC has become a nationally recognized and respected leader in the industry.

"From a single truck and two employees Reliable has grown to its present size with more than 40 employees and revenue exceeding \$7 million annually," said Wes Thornton. "Everyone at Reliable owes a great debt to Pete. His commitment, vision and guidance have gotten us to where we are today and we look forward to many years of continued success."

Although Mr. Hajjar will be stepping back from all day-to-day responsibilities, he will continue in relationship with the company as a valued marketing representative and consultant. In addition, Pete looks forward to pursuing several personal passions by mentoring small business owners, helping minority entrepreneurs launch their businesses and assisting those struggling with addiction.

Reliable Restoration, LLC provides full-scale, disaster restoration services for property and business owners around the greater Atlanta and Athens areas. With its partner firms, Reliable also responds to disasters throughout the southeast. In addition, Reliable Restoration assists national clients' needs as far away as New York City, Texas and most recently the Baton Rouge, Louisiana flood.
